

Product Information

AUTO-BRITE RECIRCULATION ACID DETERGENT

CLEANS

- Brewing Vessels
 - Brew kettles
 - Mash tun
 - Hot liquor tank
 - Lauter tun
- Fermenters
 - Uni-tanks
- Lines
- Stainless kegs
- Parts and utensils

FEATURES/BENEFITS

- Low-Foaming – Ideal for CIP
- Economical – concentrated acid
- High detergency – in a low to no-foaming product
- Concentrated blend of surfactants – effectively penetrates mineral scales
- Free rinsing – leaves no residue
- Effective in hard water conditions

DESCRIPTION

- AUTO-BRITE is a low-foam liquid acid detergent designed for CIP/COP applications. It has been formulated to become “de-foamed” at temperatures of 100° F. and higher. It’s low foaming properties make it ideally suited for recirculation cleaning. AUTO-BRITE is safe for use on most metals, including copper and stainless steel surfaces such as those found in the brewing industry. AUTO-BRITE quickly removes beerstone deposits and hard water scales.

USE DIRECTIONS

- For CIP use 1 to 2 ounces of AUTO-BRITE per gallon of hot water.
- For specific use recommendations, or answers to any cleaning or sanitation questions you may have, contact us at 1-800-248-8515.
