- Chlorinated
 - Aids in the removal of protein soils
 - Removes “bluing” from stainless steel surfaces
 - Effectively controls odors
 - Helps to control mold and mildew
- Free rinsing – leaves no residue
- Effective in hard water conditions
- Safe on soft metals when used a directed

DESCRIPTION

- KLOR-SCRUB is a medium strength, chlorinated dry alkaline powder that is ideal for all general cleaning, and manual cleaning chores. KLOR-SCRUB is a highly built detergent, combining high foaming surfactants, balanced alkaline builders, and water conditioners, to provide maximum detergency, soil penetration, removal and suspension – in all water conditions – with the oxidizing and control benefits of chlorine.
