

TECHNICAL DATA SHEET

LINE-PRO HIGH ALKALINE DRAFT LINE CLEANER (POWDER)

DESCRIPTION

LINE-PRO is a full strength powdered beer line cleaner. LINE-PRO is formulated to penetrate, remove and rinse away tenacious beer soils and deposits from draft beer lines. LINE-PRO has superior hard water tolerance and comes in a convenient and economical powder form.

- Economical – full strength powder
- Concentrated blend of surfactants – effectively penetrates soils and deposits
- Controls hard water conditions - free rinsing, leaves no residue
- Effective in hard water conditions

DIRECTIONS

- For draft line cleaning, use 1 to 5 ounces of LINE-PRO per gallon of water and temperatures up to 160° F, dependent on conditions. Rinse thoroughly with fresh water until lines are free of chemical residue. 5 ounces of LINE-PRO per gallon of water yields a 3% solution of sodium hydroxide.
- For specific use recommendations or answers to any cleaning or sanitation questions you may have, contact us at (800) 248-8515, or send us an email at info@acechem.com.

PROPERTIES

Form	Powder
Color	off-white
Odor	slight
pH of a 1% solution	12
Foaming	low

Special considerations and notes: avoid soft metals
